

2023 ARCH Building and Grounds Report

June 15

We had a group from Liberty Mutual at the house again for a serve with Liberty day. Task they performed included general clean up inside the house, removed fallen limbs and raked collected leaves along the property line, East side of the house as well as the wood line on the opposite side of Water street. Cut split and stacked fire wood and restored the raised beds.

Completed projects include:

- Extending the rain gutter the entire width of the lean-to.
- Repaired 4 sections of fence damaged as the result of large limb fall.
- Had 3 window sashes restored

Hopeful projects for this year include:

- Reshingle the portico roof.
- Repair some wood rot on some of the trim boards on the house exterior.
- The main roof will be power washed.

Future projects include:

- Reshingle the main roof.
- A period correct out-building, work in progress.
