

ARCH Annual Meeting

June 2026

Building And Grounds Report

Submitted by Ed Charpentier, Committee Chair

Recent projects

1. Eagle Scout Mason Roets and friends constructed and installed wood shelving in the lean-to attic of the house. They also constructed and installed bulkhead stairs in the basement.
2. A firewood shelter was purchased by ARCH. A crushed stone base was added at the east wood line side of the house to place the shelter.
3. The Liberty Mutual folks paid us a visit this spring and did some spring cleanup around the property. They also cleaned up the original house site in anticipation of archaeological dig part 2. Finally they placed the wood shelter in its permanent location. Thanks so much to those folks.
4. A Sugar maple was planted in memory of Warren Rollins.
5. Alan Blom has replaced several rotted clapboards around the exterior of the house and gave the house a new coat of paint.
6. A new office computer has been purchased and installed.
7. A cast iron fire back has been purchased for the kitchen fire place.

Future projects

1. Power washing of the main roof shingles.
2. Out building.
3. Mike Irons will be making repairs to the back firewall of the kitchen fireplace.
